

Register for an Account

Anonymous users may view basic information and have access to limited services. More detailed information, and submittal of applications online, requires a registered user account.

NOTE: Before beginning, enable Pop-Ups in your web browser. Some Development Nexus functions display in pop-up boxes or as documents in a separate window.

1. Open a web browser and navigate to queencreek.org/DevelopmentNexus or directly to the URL at: <https://aca.accela.com/qc>.
2. Select 'Register for an Account' at the top of the page or the right side below the Login fields.
3. Read the General Disclaimer and click the box to accept the terms. Then select 'Continue Registration'.
4. Create your login profile by entering a User Name, Email Address, Password and Security Question.
5. Next, add your Contact Information by clicking on the 'Add New' button. Identify your account as an Individual or Organization. In the next window, enter your contact information in all required fields. Select 'Continue' after completing the entry form.
6. Verify the Contact Information displayed is correct. Select Edit to modify, or 'Continue Registration.'
7. Congratulations! Account registration is complete.
